

Frequently Asked Questions

AU Sport Youth Cricket Clinic

Will snacks and lunch be provided?

Each parent is required to supply their child's morning tea, lunch and afternoon tea along with a filled water bottle.

We recommend packing a larger than normal lunch, due to all the physical activity we do, children tend to be a little bit hungrier usual.

Please ensure that you child's food is adequately stored for the duration of the day.

Please do not pack any products that contain nuts.

There are no nearby shops or cafes to purchase food.

What is my child required to wear?

Please ensure your child wears sports appropriate clothing, including sport shoes. Along with a hat and sunscreen. Please ensure your child has applied sunscreen in the morning. We strongly recommend T-shirts that cover shoulders and have a collar. Wide brimmed hat. Whilst we make every effort to provide sunscreen, it is always a good idea to pack a personal supply with your child.

Pack a spare change of clothes (including shoes where possible), in the unlikely chance we do get caught in the rain or the surface we play on is wet.

If my child requires medication, how should I supply this?

Any medication needs to be handed to staff at sign in. Please leave in a clearly named zip lock bag or similar. Medication should be in its original packaging and clearly labelled with the student's name, correct dosage and frequency.

Medication provided to staff must align with the medical information we have with your child's registration.

What time does the Youth Cricket Clinic start and finish? What do I need to do if I am running late?

Sign-in from 8:30 – 8:45am

Sign-out from 2:30 – 3pm

If you are running late to collect your child at the end of the session it is expected that parents will call AU Sport on (08) 8313 5403 to notify staff.

What is the wet weather policy?

Adelaide University has a number of indoor venues that can be utilised so all programs will continue to go ahead despite wet weather.

What is the hot weather policy?

- Anything under 30 degrees we will proceed with the day's activities as planned and apply our regular sun safe rules.
- Anything between 30 – 35 degrees we will reduce activity at our venues with drink breaks every 15 minutes.
- Anything 36 degrees and above we will cancel the day/activities with as much notice as is practically possible.

What is the cancellation policy?

Adelaide University Sport will only be able to issue refunds if cancellation of a registered child occurs 7+ days before the clinic commences.

What happens if my child falls ill or is injured during the Cricket Clinic?

If a child is injured during the clinic a qualified First Aider will administer First Aid (for minor injuries such as cuts/grazes, bites etc).

If a child falls ill during the clinic the child will be supervised by a qualified First Aider until the child recovers or until the authorised adult arrives to collect the child.

If the child suffers from vomiting or diarrhoea, the authorised adult will be asked to collect the child immediately.

Any child who is not well enough to participate in normal daily activities should be kept at home.

If a child suffers a trauma whilst attending the clinic Emergency First Aid will be provided by a qualified First Aider on the premises and emergency attention will be sought immediately. Notice of the incident will be given to the Parent as fast as practicably possible and that of any treatment, services or arrangements which have been made. If required, an ambulance will be called at the discretion of AU Sport staff.

What should I do if my child is diagnosed with a communicable disease during the Youth Cricket Clinic?

If a child is diagnosed with a communicable disease whilst attending the clinic the parent/guardians must notify AU Sport immediately. The child will need to be excluded from the Cricket Clinic for the period stated in the 'recommended minimum exclusion periods for infectious conditions for schools, pre-schools and child care centres' (National Health and Medical Research Council, December 2005, 4th edition). Families attending the Youth Cricket Clinic will be emailed if there are cases of an infectious disease.

Can I send someone to pick up my child from the Youth Cricket Clinic?

We insist that children are signed in by the authorised parent/guardian. It is the responsibility of the parent/guardian who enrolled the child to provide written authorisation for the child to leave the premises with another adult. The coach may insist on personal identification (such as a current driver's licence) if the person collecting the child is different to the one who signed the child in.
